

# INVITATION 2015 GRAZING FORUM

SUSTAINABLE GRAZING ON THE TROPICAL QUEENSLAND COAST

OPEN TO GRAZIERS: MACKAY | WHITSUNDAY | ISAAC

Wednesday, 3rd June, MECC

## To the Grazier,

You are invited to attend the 2015 Grazing Forum for Mackay and the surrounding regions.

This forum is free for landholders to attend and has been designed for graziers in the Mackay region, as well as cane farmers or mixed operators who are also involved or have an interest in cattle and beef production.

Find out about more about a wide range of issues focused on the coastal beef producer, including:

- Soil Health
- New pasture varieties for the region
- Biosecurity update, including results from Giant Rat's Tail control trials
- Local grazing trials and other innovations
- Genetics and animal husbandry
- Challenges for the local beef industry
- Managing pasture nutrition by growth phase
- Planning and design of erosion remediation
- Vegetation and tenure legislation: now and into the future

The forum provides graziers and industry representatives from across the region the opportunity chance to network with a purely grazing focus.

**DATE:** Wednesday 3rd June 2015

**TIME:** 8:30am - 5:00pm

**VENUE:** MECC (Mackay Entertainment & Convention Centre), Alfred St, Mackay QLD 4740

**LUNCH:** Provided (complimentary)

**To RSVP please contact Reef Catchments by Wednesday, 20th May 2015.**

**Phone:** 07 4968 4200 | **Email:** info@reefcatchments.com
