DID YOU KNOW?...

The mangroves in Cannonvale are the nursery areas for many coral reef fish! Scientists say that without mangroves we could have half the amount of reef fish. Cannonvale also has seagrass meadows in the bay that dugongs and turtles love to eat. Come and find out more about the plants and animals that make Cannonvale awesome - and find out what you can do to keep it that way!

Where: Cannonvale (At the gazebo near the skate park and BBQ courts)

When: Thursday 6th April 2017 from 9:00am -11:00am

Cost: Free

Bring: Please bring a water bottle, wear enclosed shoes and sun smart apparel. Parental/guardian supervision required.

Supported by Eco Barge, Whitsunday Catchment Landcare, Whitsunday Regional Council and GBRMPA!
