

LIMITED TO 40 PEOPLE - RSVP TO SECURE A SPOT!

REEF CATCHMENTS INVITES YOU

FRECKLE FARM TOUR

FRIDAY 25 MAY, 2018

From 10am to 3pm

You are invited to join us for a guided tour of Freckle Farm! See firsthand how local family farmers, Rob Bauman & Deb McLucas, produce eco-friendly, chemical and hormone free produce.

ABOUT THE LANDHOLDERS: Rob & Deb started Freckle Farm with a couple of chooks and pigs. Today, they are well known for their highly successful enterprise, which blends a diverse and sustainable farming system with clever branding, niche markets, and an empowering network of local producers. Join us and witness them on their mission to educate, connect and inspire everyone in the farming, food and local community space.

The day will be your chance to ask the couple and members of the **Central Queensland Coast Landcare Network** burning questions regarding marketing, soil health, biosecurity and much more. ~

- **FARM DRONE DEMONSTRATION** and talk by James Gubby from Whitsunday Regional Council
- **FIND OUT MORE** about farm diversity, soil health, branding and marketing direct from the producers
- **FARM BIOSECURITY** with Peter Alden
- **FREE LUNCH** featuring fantastic local produce
- **PLEASE BYO CHAIR!**
- **EVENT OPEN** to landholders, Landcare members and community groups (free to attend)
- There will be the opportunity to purchase and take home some Freckle Farm goodies

FRECKLE FARM 247 OLLETT'S RD, ETON QLD 4741
